RE: ADMINISTRATIVE MODIFICATION #13-22 TO THE 2013 FEDERAL
TRANSPORTATION IMPROVEMENT PROGRAM (FTIP)

Dear Ms. Falsetti:

The Southern California Association of Governments (SCAG) is transmitting Administrative Modification #13-22 for a project in Riverside County. Included in this amendment package is the narrative describing the project being amended and project listing report. The project meets the administrative modification criteria provided by the funding agencies in their letter dated June 3, 2011.

SCAG certifies that the project in this administrative modification is not included in any other amendment that is currently open for public review. This administrative modification does not add any additional funding and relies on the FSTIP federal programming capacity. There is no impact to the financial constraint documentation.

The projects included in this administrative modification have demonstrated it satisfies the requirements of 40 CFR 93.118 and 93.119 without a new regional emissions analysis in accordance with the provisions of 40 CFR 93.122(e)(2)(ii). Therefore, SCAG through its function as the designated Metropolitan Planning Organization (MPO) has found the attached projects to conform to the applicable Stage Implementation Plan and to be consistent with the 2012 Regional Transportation Plan/Sustainable Communities Strategies (RTP/SCS). The updates of these projects do not impact the conformity analysis of the financial constraints of the FY 2013 FTIP.
